Introduction	11
Dr. Cottrell outlines his background in studying and teaching “The Doctrine of Grace,” and explains the need for a middle-ground view of salvation and justification between the traditional Restoration Movement position of salvation and the Evangelical view of “faith-only” justification.	

Part 1 — Exploring the Concept of Grace

- | | | |
|---|---------------------------------|----|
| 1 | “Where’s the Assurance?” | 23 |
| A look at the fact that so many people, even Christians, don’t seem to know whether they will go to heaven or not and the reasons behind this. | | |
| 2 | The God of Grace | 31 |
| A discussion of God’s holiness and His love and how these two attributes affect our relationship with Him. These two attributes of God’s character place grace in the position of being the source of our salvation | | |
| 3 | “Not under Law but under Grace” | 45 |
| An explanation of the difference between The Law System and The Grace System as a way to enter heaven. | | |
| 4 | Grace as a Double Cure | 67 |
| Explores the idea that when we accept Christ’s gift on our behalf, grace becomes the content of our salvation. Sin puts a double curse on us, and grace effects a double cure of those curses. | | |
| 5 | Is “Extra Merit” Possible? | 81 |
| Discusses the philosophy behind “extra merit” and why there is no room for this idea in the grace system. | | |
| 6 | Alternatives to Grace | 89 |
| Looks at the approach of other religions to the issue of works and grace. Affirms that no other religion offers a true salvation by grace alone. | | |

Part 2 — Explaining Grace in Terms of Romans 1–8

- | | | |
|--|-------------------------------|-----|
| 7 | Grace Themes in Romans 1:1-17 | 119 |
| Explains the meaning of the phrase “obedience of faith” in Romans 1:5 and 16:26 and that Paul is not talking about <i>good works</i> or “things we do” when he uses this term. Illuminates the full meaning of the phrase “righteousness of God” in Romans 1:17. | | |

8	Why the Law System Cannot Save	143
	An in-depth look at the futility of trying to achieve our own salvation by being “good enough,” and why the situation for the Jews was no better than that of the Gentiles.	
9	The Scope of Grace	161
	An attempt to define grace in terms of exactly what acts of God should and should not be covered when we use this word.	
10	The Heart of Grace: Justification	173
	What do we mean when we use the word “justification,” and how does it differ from sanctification? Describing why justification should be applied in legal terms.	
11	The <i>Ordo Salutis</i> : The “Order of Salvation”	195
	A look at four different views of when salvation occurs, what “steps” are a necessary part of the process, and how each step fits into the progression.	
12	Faith and Works	221
	An examination of five attempts to explain the relationship between faith and works.	
13	Baptism and Grace	245
	An in-depth look at what the Bible says about baptism in relation to salvation, and how the examples in Scripture can be taken together to show that baptism is not a “work” and is not a contradiction of grace.	
14	Paul and James: Justification and Works	273
	A look at various ways of trying to reconcile what Paul says about works and what James says about works. Paul is telling us works can’t justify us, but James is supporting the necessity of works as a standard for judging our rewards on Judgment Day.	
15	Assurance of Salvation	295
	Where does the doctrine of “Once Saved, Always Saved” come from? How <i>can</i> we know without doubt that we will end up in heaven when this life ends?	
16	Original Sin, or Original Grace?	317
	Into what state are we born, and how does that affect our worldview? What is the real meaning of Christ’s life of obedience in comparison to Adam’s sin? Exactly what is Paul trying to say about Adam vs. Christ in Romans 5:12-21?	
17	The Other Side of Grace: Regeneration	333
	Regeneration is the first step in the second half of the double cure. What exactly is the <i>new beginning</i> we’ve been given, when do we receive it, how does it happen, and what is the result?	
18	The Goal of the Gospel: Sanctification	349
	The final explanation of how works fit into the scheme of grace and salvation. We are <i>save for</i> good works, <i>not by</i> good works. Why do we need sanctification once we’ve been regenerated? Where does the power come from? Are we free to do as we please?
